## Profile

In the nearby future I wish to go to Central Michigan University. There I will study Criminal Justice, and Psychology, so that I may have a chance at becoming a Forensic Psychologist. My skills within a workplace include; creating a friendly environment, being professional in terms of work readiness and attendance, and motivation to pursue my goal. I excel at adapting to new work regulations and tasks, learning how to use my tools provided to me, and getting my work done effectively and efficiently.
